A Man of the Name of Smith.

A man in Washington is tired of his name. He belongs to the almost innumerable Smith family. He has counted over there are a score or more whose baptismal names are identical with his own. The situation oppresses him, He wants of the session.

distinguished and most excellent company.

For us, the name of Smith has a convincing and impressive sound, stirring us to reverential awe. It represents such a large and commanding army of people. If all and commanding army of people and commanding army of people. If all and commanding army of people and the truth are penditure of large sums of money on municipal enterprises. "Personality." Not Brains.

Some speculative philosopher has conthe brain neither originates a word nor forms a notion. The mysterious force is called "personality" by the exponent of the theory, and the "personality" is as separate from, as different from, the brain as the violinist from the violin. HEARD AT HOTELS.

Among high-class men of culture and means who, having their business interests elsewhere, love to spend the winter season in Washington is Mr. Augustus Eddy, of Chicago, father of Spencer Eddy, first secretary of the United States Embassy at Berlin. Mr. Eddy, who was seen at the New Willard last evening, is an Indianian by birth, and he and the late Secretary John Hay were born within

a few miles of each other. "I love this fine old town," said he, "for it was once the home of my father. Rev. Thomas M. Eddy, who was pastor of the Metropolitan Church during the second administration of Gen. Grant. My father was an original abolitionist and the intimate friend and ally of Henry Wilson; Mr. Colfax, and men of their political "Sir, I do. I seriously object to having school. But about Washington, to my fact that he threw over his master's my cigar handled by a man with fingers mind it is plain that its manifest desting is to become the most ornate, the most attractive, the most brilliant seat of government of any power on earth. As winter capital and rendezvous for wealthy and refined Americans it will have a development that people scarcely dream of, provided nothing is done to repel the settlement here of the element whose presence is essential to its future abashed pot. "Upon second thought and greatness. "My meaning is that I think it a great

mistake to try to make of Washington a commercial market or a factory town. We have plenty of cities near-by, such as Baltimore and Richmond, where all that is needed in the way of trade and indus-try can be found. Let us keep this beautiful Capital free of this; let it be reserved in perpetuity for art and learning, and gracious social commingling; let it be kept distinct and unique as it has ever been-one cit yamong ten thousand where the sordid affairs of business are a secondary consideration.
